

180 Degrees of Reflection Networking Moderation in Gippsland

We are offering support in the implementation of Moderation of the A-Frame for the Gippsland Region.

We will be available to provide face-to-face and online support to all those interested in developing a network for moderation and who seek personal development in all aspects of quality pre-accredited training.

We will develop a model of on-line moderation which will allow you to conduct external moderation sessions without travelling. We will develop an online space where you can share information and ask questions.

We invite you to join us as we explore the Moderation process .

Contact Evelyn at Buchan Neighbourhood House
or email
Fiona at fiiona.ross@gmail.com for further
information.
